GWINNETT COUNTY CARES ACT GRANT OPPORTUNITIES

NEW RELEASE: Gwinnett County COVID-19 Grant Funding

On Wednesday, May 20th Gwinnett County will release round one of its COVID-19 Grant Funding Opportunity through the release of a Statement of Need application. All applications must be submitted electronically to the Community Development Program by Thursday, June 4th for consideration for round one funding.

Funding allocations will be made to qualifying nonprofit agencies providing eligible services in Gwinnett County. Applicants must be registered to conduct business in the State of Georgia at the time of Application and must be designated as a 501(c)(3) organization. These grant funds are reimbursable, so applicants must have the capacity and cash flow to incur eligible costs. The County encourages collaborative submissions – especially those that define a strategic approach to addressing critical needs such as Emergency Food Assistance, Housing & Emergency Shelter, Childcare, Transportation, and Healthcare services.

Please access the COVID-19 Statement of Need application by visiting the County's website at www.gwinnettcounty.com. The application can be found under Top Links from the Home page as well as under COVID-19 Resources for Nonprofits on the [Department of Financial Services' Grants webpage](#).

A grant application webinar will be held on Friday, May 22nd from 11:00am – 12:00pm (EDT). Please join the meeting from your computer, tablet, or smartphone. You can also dial in using your phone: +1 (571) 317-3112. Access Code: 994 133 205. https://global.gotomeeting.com/join/994133205

In response to the unprecedented event our nation is experiencing, Community Foundation of Northeast Georgia created the Coronavirus Relief Fund. CFNEG has a unique position in our community in that they know the nonprofits working on the front lines, are in contact with them, and can see what their needs are at any given time. This fund will allow the Foundation to distribute money to nonprofits working to help with food insufficiency, housing, healthcare and any other needs that arise during the COVID-19 pandemic.

During this unique time of need, the website GwinnettCares.org was launched to provide resources to our community. This collaborative effort identifies how to get help and how to help during COVID-19.
